

“ we are really grateful when RESTORE2 charts follow patients into the hospital, as they provide excellent background and baseline information ”  
Consultant Acute Physician

“ definitely gives me confidence, I am able in short words to say what is concerning me, my reporting is clear and in order ”  
Care Home

“ I’ve seen the staff using RESTORE2, they have been far more prepared when we have gone to visit a patient who is unwell, with observations ready etc ”  
GP

“ you just seem to get a quicker response because you give better information ”  
Care Home

“ we could see she was deteriorating and she received the help she needed quickly. We had the evidence that she was not well. It’s easy when you have the evidence ”  
Care Home

**RESTORE2™**

Recognise Early Soft Signs, Take Observations, Respond, Escalate

**right care, right time, right place, right outcome**

RESTORE2™ uses NEWS2 reproduced from the Royal College of Physicians. National Early Warning Score (NEWS) 2: Standardising the assessment of acute illness severity in the NHS. Updated report of a working party. London: RCP, 2017
